

## **Film Submission Guidelines: Documentaries**

We usually pick up films (feature-length documentaries and occasionally TV-documentaries, but no documentaries that are shorter than 45 minutes) once the rough-cut is available. We also get involved earlier, depending on the project.

Please e-mail to [info@magnetfilm.de](mailto:info@magnetfilm.de) a screening link (e.g. Vimeo, password protected) of the final or latest version of the full film along with the following infos:

- Synopsis
- Producer and director background information (e.g. filmography)

To evaluate the films potential it helps us a lot if the following questions are answered:

- Are all rights cleared (music, archive, etc.) worldwide cleared?
- Which TV-channels are involved?
- Which film funds and/or other financiers are involved?
- Which territories and/or rights are not available?
- Did you submit the film to festivals? If yes, which ones?
- Did any festival confirm the film?
- Did any festival refuse the film? If yes, which ones?
- Does a TV-version (52 min) exist?

Upon receipt we screen and evaluate the film and you will hear from us.
